

Portfolio Assessment Rubric

Name _____ Date _____

Assessment Period _____ Class _____ Chapter(s) _____

Directions

Points are awarded on the basis of completeness, accuracy, and neatness. Choose at least four different items or groups of items to include for assessment. The portfolio can include items such as homework, Chapter Projects, Lab Reports, and Weekly Journals. Each item is scored on a scale of 1 to 5. Check one box in each row. Give each check mark the assigned number of points. Then, add the points in each column to get the total points. You can either leave the highest score as 20 and incorporate that into your existing grading policy, or you can multiply the total points by 5, having 100 as the perfect score.

Component	5 Excellent	4 Good	3 Average	2 Fair	1 Poor	Comments

TOTAL POINTS _____
